Methodist Protestant Female College.

This College is located on the North Carolina Railroad, 90 miles from Raleigh and eighty from Charlotte, in one of the healthiest sections of the State—its proximity to the Mountains giving it uniformly a most salubrious and invigorating atmosphere, and rendering it one of the most desirable places for an Institution of Learning; and the Trustees are happy to announce to the friends of education that the patronage of the year just closed has surpassed their most sanguine expectations, and the prospects are very encouraging for the next Session.

ADVANTAGES.

The building is large and well arranged, the pupils' rooms being 20 ft. by 20, well ventilated, each having a fire-place and furnished neatly and comfortably. The Chapel is 50 ft. by 50, being sufficiently ample for 200 pupils; also Recitation Rooms 50 ft. by 22; besides Music Rooms, &c.

The College is supplied with a good Chemical, Philosophical and Astronomical Apparatus, and new Pianos.

We have a good Library, to which the young ladies have free access.

We are forming a Geological and Mineralogical Cabinet. Specimens will be thankfully received.

BOARDING DEPARTMENT.

This department will be conducted by a Matron, under the supervision of Prof. Ray and lady, and they will endeavor to render it an agreeable and pleasant home for the young ladies who may be placed under their charge.

ANNUAL COMMENCEMENT.

The Annual Commencement, on the last Wednesday in May.

The Third Session will commence on the 11th of July, and close the 7th December, 1860.
